TO WHOM IT MAY CONCERN

The building is constructed by R.C.C. framework on pile foundation brick work in C.M.(1:1), R.C.C.M. 150, 1st Class Brick, Patent Stone flooring, Salwood work in doors and windows. So the building is secured and safe. School is situated in safety zone of this town.

So in my opinion the school has well established building and has a very good academic environment.
